William B. Heebink, Ph.D.
Superintendent of Schools

Stacy C. Garvey
Business Administrator/
Board Secretary

To Whom It May Concern:

I have had the pleasure of working with Frank Messineo over the last 4 years. I would recommend him and Solutions Architecture, LLC for careful consideration for any project on which you may need assistance.

Our professional relationship started in New Milford where Frank was responsible for the preparation and completion several Capital Projects including a Guidance Suite Renovation and Science Lab Renovations at the High School. Frank was also responsible for a District-wide Roof Replacement Evaluation which led to the submission of Roof Replacement Projects for two of the Elementary Schools. On all of the projects, Frank was instrumental in preparing the submission of necessary paperwork to the Department of Education which allowed us to capitalize on 40% state funding. During that time, Frank had proven to be responsive and reliable and his "get it done" attitude and attention to details had been key in completing several of the projects.

Our relationship continued in Midland Park where Frank had already completed an ADA compliance project and a playground project and later provided assistance with the completion of a PTA sponsored field renovation project.

I have to point out that I have known Frank for far longer than these four years through his support of and affiliation with the NJ School Boards Conference and the Bergen County Association of School Business Officials.

His ability to communicate well and his relationships with the Department of Education have also proven invaluable. Frank is able to make a phone call and get to the appropriate people who can resolve the issues; or provide a heads up on some key procedure that needs to be followed; this proactive approach results in correct submissions and expedited approvals.

It is because of his personal attention and knowledge of the NJ School Construction Program that I recommend Frank Messineo and Solutions Architecture without reservation and am confident that he will bring the leadership and guidance that will make any project a success.

Please feel free to contact me for additional information.

Sincerely,

A handwritten signature in cursive script that reads "Stacy Garvey". The signature is fluid and elegant, with a large initial 'S' and 'G'.
